WORK EXPERIENCE

Drupal Developer & QA Tester

2023 – Current

Mighty Citizen, Remote – www.mightycitizen.com

- Tested full user scenarios & created new tickets in Agile project management software.
- Researched, built, & documented a new automated testing process using Nightwatch.js.
- Resolved front-end Drupal issues w/ Twig templates, controllers, custom themes, & views.

Frontend Developer & Designer

2023 – Current

Greenflag media, Remote – www.greenflagmedia.co

- Re-designed & developed custom websites for large non-profits using Webflow & Wordpress.
- Built solutions like interactive maps, dynamic forms & calculators, & handled blog site migrations.
- Integrated software like EveryAction, Salesforce, & Zapier to improve interactivity & management.

Freelance Web Development & Services

2021 – Current

Houtson & Austin TX, Remote

- Filled multiple roles in custom designing & building web solutions for businesses & non-profits.
- Increased traffic & sales, optimized SEO, implemented CMS, setup CRM integrations & E-Commerce functionality, & automated processes like intake forms & newsletters.

FREELANCE PROJECTS

Waterloo Watercolor Group | Wordpress, Mailchimp, WooCommerce

www.waterloowatercolor.org

- Redesigned website built to handle events, memberships, e-commerce for tickets & subscriptions, Mailchimp integration, & a manageable backend for chairmembers.

The Living Legacy Center Nonprofit | Webflow, Zapier

www.livinglegacycenter.com

- 15 page website with Webflow CMS, newsletter signup form, & redesigned branding.
- Increased new monthly email contacts by 40%.

Indeed Tech Stacks | React, Express.js, MondoDB, Tailwind CSS, AWS

www.indeedtechstacks.com

- Ranks trending tech stacks & other keywords based on Indeed job listings.
- Built with MERN stack, Puppeteer for web scraping, & a backend REST API setup on AWS.
