### WORK EXPERIENCE

---

#### Freelance Web Developer

2021 – Current

Houston & Austin TX – [www.luke-v.com](http://www.luke-v.com)

- Designed in Figma and built custom Webflow, WordPress, and React-based websites for nonprofits and businesses, often replacing outdated or brittle systems.
- Implemented CMS architectures, CRM integrations, ecommerce workflows, and automation.
- Collaborated directly with stakeholders to scope and deliver clear technical solutions.

#### Drupal Developer

2023 – 2025

Mighty Citizen – [www.mightycitizen.com](http://www.mightycitizen.com)

- Drove development & technical design for major features across the Texas Education Agency's IMRA Drupal platform, maintaining and extending 20+ custom modules. ([im.tea.texas.gov](http://im.tea.texas.gov))
- Built upon & managed a complex SQL-backed system supporting 10k+ users and 2M+ data points, including data imports, validation, and admin review tooling.
- Improved long-term maintainability by introducing Nightwatch.js automated testing, near-complete PHPDoc coverage, and advocating for Domain-Driven Design & incremental refactoring.
- Played a key role in sitewide initiatives including the 2025 IMRA platform rebrand and real-time voting workflows, collaborating closely in an Agile team environment.

#### Lead Frontend Developer & Designer

2023 – 2024

Greenflag Media – [www.greenflagmedia.co](http://www.greenflagmedia.co)

- Designed & developed custom websites for large non-profits using Figma, Webflow & Wordpress.
